#Urgent

The Ministry of Education announces the launch of the "Qaddam Platform" application for applying to private colleges and universities for the 2025/2026 academic year.

The Ministry explained that the application process for private colleges and universities will consist of four steps, distributed as follows:

• Step 1: Creating a student account

• Step 2: Filling in student information

• Step 3: Selecting the college/department

• Step 4: Student registration at the college

The "Qaddam Platform" application is currently available only on iPhones and will be available for Android devices soon.
